## Boys And Girls— Do Your Swimming Free

Daly City boys and girls may earn free swims and a ten-lesson course of instruction again this summer by becoming members of the Daly City Record swimming club.

The third annual summer swimming program will be sponsored at Jefferson Union high school pool. American Red Cross instructors will handle the lesson courses.

Any boy or girl may gain membership in The Record Swimming Club by bringing to The Record office a one year new or renewal, paid in advance subscription to this newspaper. By payment of the regular fee at the high school pool the American Red Cross course and afternoon swims will be available to boys and girls who are not club members.

## PORK CHOPS

Dorothy Greig

Of all meats, pork has perhaps the most definite flavor. It requires no "stapling up" in seasoning. Rather, anything that accompanies pork should just mingle and blend suavely with the flavor of the pork itself. Cream gravy is a perfect example.

Well, there are cream gravies and cream gravies. For delicacy of flavor and luxurious creaminess let me suggest a gravy made with condensed cream of mushroom soup.

It is easy to make because the soup as it comes from the can is already skillfully seasoned. Then, too, mushroom flavor blends well with pan browned pork chops. The dish is put together like this:

2 pork chops (cut 1/2 to 1 inch thick)

Flour

Salt and pepper

Wipe the pork chops with a damp cloth. Dust with flour and sprinkle with salt and pepper. Place in hot, heavy frying pan. Brown on both sides. Pour off excess fat, cover and cook slowly for about 20 minutes. Pour the hot "Cream Mushroom Gravy" over the pork chops and cook 10-15 minutes longer. Serves 2-4.

**Cream Mushroom Gravy**  
1 can condensed cream of mushroom soup

1/2 cup milk or water

Empty the cream of mushroom soup into a saucepan and mix very well. Stir in the milk or water gradually and heat. Pour over the browned pork chops and simmer 10-15 minutes.

Here's a store where every customer gets a break.

It's Joe's Market, 6001 Mission street. Joe Zacheo, the proprietor, is standing behind the counter. He is assisted in serving his many satisfied customers by his wife, second from left, and his son Richard, standing to the right of Mrs. Zacheo. So you see it's a family affair.

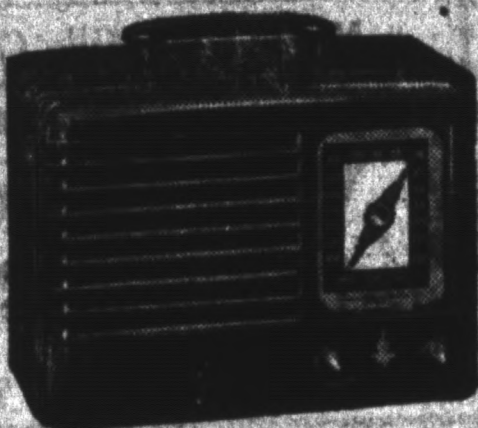

Joe Zacheo, previous to coming to Daly City, had operated a grocery business in the Sunset district for four years. Before that he had gained long experience in San Carlos, at the Garden Market.

Joe's Market has one of the largest stocks of groceries in Daly City, and Joe carries nothing but quality products in any department. Now that he has added a meat department, managed by Stephen Marelich, there is nothing in the food line that Joe's Market lacks.

Left to right in the above picture are Ray Carda, Kilpatrick Little Miss Mary Elliot, and Joe Zacheo.

## Facts For Fish Lovers

By BETTY BARCLAY

This country may not be the "fishermen's Paradise" that Finland is with 60,000 lakes and 80,000 islands but there are few districts where fresh fish are not available — and excellent canned seafood is always in season. The many varieties of fish and shellfish make planning Lenten menus a pleasure. In fact Lent offers the homemaker a good opportunity to get better acquainted with this nutritious food which contributes valuable proteins and minerals to the diet.

Fish and lemons are associated on dining tables the world around. Lemon juice is rubbed over fish to be baked or fried; fresh fish is marinated in lemon juice and oil before it is baked or broiled.

To keep fish white when boiling, add 1 tablespoon lemon juice and 1/2 spoon salt to one quart of water for cooking. Using canned fish such as salmon or tuna in a creamed or sauced dish, sprinkle fish with lemon juice before adding the white sauce.

If fish is served as an appetizer course, lemon is indispensable. An excellent cocktail sauce for shellfish — oysters, clams or shrimp — is made with 1 tablespoon horseradish, 1/2 cup tomato catsup, 6 tablespoons fresh lemon juice, a dash of tabasco sauce and salt to taste. Blend ingredients well and serve very cold.

For a canape spread, cream 2 tablespoons fresh lemon juice with

1/2 pound sweet butter. This is an excellent spread for crisp crackers or fresh or toasted bread to be topped with anchovies, caviar, sardines or spreads made with tuna, salmon or any desired fish.

For lemon garnishes with fish, be sure to serve juice quarters so that the individual can add lemon to his taste.

Here is an excellent method of preparing a salmon mold, good for Lent and equally good at any season.

## Salmon Mold

1 No. 2 can salmon  
1 tablespoon butter  
1/2 tablespoon cornstarch  
1 teaspoon dry mustard  
2 egg yolks  
1/2 cup milk  
1/4 cup lemon juice  
1/2 tablespoon gelatin  
2 tablespoons cold water  
Salt to taste  
1/2 cup whipping cream  
1/2 cup diced cucumber

Cook butter, cornstarch, mustard, egg yolks and milk in double boiler to soft custard consistency. Add gelatin liquefied in cold water. Add lemon juice and salmon. Season to taste. (Rub salmon through coarse sieve if a fine texture is desired.) Cool. Fold in whipped cream and cucumbers. Pour into one large mold or a number of small molds. Serve 6.

Serve garnished with lemon quarters, lemon slices and radish roses.

**Perfect Temperature**  
Colossal cave, near Benson, Ariz., has been explored for 30 miles. It is without moisture and the temperature remains at 73 degrees the year around.

**Modern Transportation**  
Motor transportation is rapidly replacing pack animals for hauling in Afghanistan.

**Portulac Baking Powder**  
Baking powder is a somewhat perishable product. If overexposed to the air moisture is absorbed. It should be kept in a tightly closed can and in a cool, dry place.

**U. S. Army Organization**  
The United States army consists of the regular army, national guard and organized reserves.

As the heroine of "Come Live with Me" Hedy Lamarr starts out by paying James Stewart \$17.50 a week to be his "unkissed bride." But as the scene above indicates, before the final reels are over, Miss Lamarr changes her mind about the "unkissed" part of the bargain. The new comedy-romance co-stars Stewart and Hedy for the first time, and is now playing at the Daly City theatre.

## South African Rackets

Cape Providence, South Africa, is preparing drastic action against the money-making racket of "jackal breeders." It is stated in Capetown. It has been discovered that in parts of the province professional hunters, who destroy jackals for bounties have been capturing only the cubs, allowing adult animals to escape, and thus providing for the next season's "crop." It is suspected that in certain districts there are secret jackal breeding establishments, the owners of which make big profits by constantly turning in very young jackals. Last year the record number of 36,000 were destroyed at the standard rate of \$2.50 an animal. In some districts \$3.75 is paid.

## Dangerous Firewood

Mrs. L. Marais of Cyterkull, Western Transvaal, picked up a piece of firewood while lighting her kitchen fire and found to her horror that she had seized a deadly night adder. With great presence of mind, the housewife struck it against the floor and battered it to death.

## Antarctic Lemonade

Scientists have discovered a mixture of chalk and lemonade in mineral form at a depth of 12,000 feet in the Weddell sea of Antarctica. The scientists cannot explain how the citric acid of lemonade, heretofore found only in plants, came to be at the bottom of the Antarctic.

**Almost-Blind Drivers**  
For motorists who make a habit of failing to release the emergency brake all the way, or who sometimes drive off without releasing it at all, a new brake-alarm proposes to come to the rescue, giving an audible signal and is capable of being adjusted to practically any car, bus, truck or tractor.

**Profits in Modernization**  
More than 1,000 grocery store owners, members of the Independent Grocers alliance, recently studied a survey on increased profits resulting from storefront modernization with structural glass. It was revealed that average profits increased 30 per cent the first year after modernization and that the average gross receipts rose from \$21,000 to \$28,000.

**Admit Tractor Parts**  
France will admit tractor engine parts into the country at reduced duties if they are to be used by farmers.

**End of Gypsy Trail**  
Gypsy caravans are a thing of the past in Bohemia and Moravia, now part of Germany. Every gypsy must register a permanent residence with the police authorities. Failure to do so means internment in a labor camp.

**Chinese Secret Societies**  
Police raids on two big meetings in a Canton, China, cemetery resulted in the arrest of nearly 100 Chinese who were suspected of being members of illegal secret societies. The societies hold their meetings at the grave of one of their slain members.

**Ticket Trichery**  
If you can get a traffic ticket "fixed" in your town the chances are that more serious offenses are also being condoned, according to the National Consumers tax commission, whose tax reduction drive seeks additional municipal economy and efficiency.

**Seeming Railway Success**  
Passenger traffic on the Eastern Bengal railway in India has shown a substantial increase since reported healing powers of the four-year-old son of a Saidpur station agent have become known. The boy is said to be able to cure sufferers by breathing on them.

Eagles hall.

#### Spicing Up Trade

Progress in production of spices  
in this country is noted by the  
American Spice Trade association,  
reporting that of 25,000,000 pounds  
of mustard seed used last year, 17-  
100,000 pounds were domestically  
grown. Production in 1940 is ex-  
pected to reach 20,000,000 pounds  
here.

#### Garden of Roses

A rose census by Park Superin-  
tendent William Nicholas of the  
20,000 rose bushes surrounding the  
Rose Bowl at Pasadena, Calif., re-  
vealed that there are 67 kinds of  
roses represented.

#### Chemicals in Textiles

Textile fibers, including cotton, lin-  
en, rayons, silk and wool, are built  
up mainly from carbon, hydrogen  
and oxygen, although silk has in  
addition some nitrogen, and wool  
has nitrogen and sulphur.

## SOUPS are comforting— especially on raw, windy days

says Dorothy Greig

WHEN the members of the family stomp in wind blown  
and "half starved", that's the time to cheer them with  
big steaming platefuls of hot soup. What warm comfort it  
spreads and how satisfying to clamorous appetites.

Shrimp Supreme is substantial enough to be the main dish of a light meal.

There are various types of soup,  
each good at its own job. The thin  
clear soups, for instance, are stimu-  
lating send-offs for the more sub-  
stantial foods to follow.

Stout soups filled with meat and  
vegetables are a real part of the  
meal itself. In fact, they are often  
the main dish for lunch or supper.

Cream soups are smooth and  
usually bland in flavor. Highly  
nutritious, and because of the milk  
in them they are an especially good  
choice for children.

It's fun, too, to combine two or  
more flavors of canned soups, or  
take a single soup and add a few  
individual touches of your own. For  
instance, here is a soup which is a  
blending of three soups, and with  
shrimps added as well. It has won-  
derful flavor and is one of those  
soups that can be used as a main  
dish for a light meal.

**Shrimp Supreme**  
1 can condensed pea soup  
1 can condensed tomato soup  
1 can condensed bouillon  
1 cup milk  
1/2 cup heavy cream  
1 cup shrimps  
2 tablespoons sherry

Stir the tomato soup into the pea  
soup. Then add the bouillon. Com-  
bine the milk and cream and add to

the soup with the shrimps (cut in  
small pieces). Heat to the boiling  
point and put in the sherry just be-  
fore serving. Serves 4-5.

The man of the family will enjoy  
this soup:

**Vegetable Soup, peasant style**  
1 can condensed vegetable soup  
1 can condensed bean with bacon  
soup  
2 cans water

Combine the soups. Add water  
and heat to boiling, then simmer 2-4  
minutes. Serves 5-7.

And the next time you serve a  
thin soup try this one:

**Hot Bouillon with Onion-Parmesan**

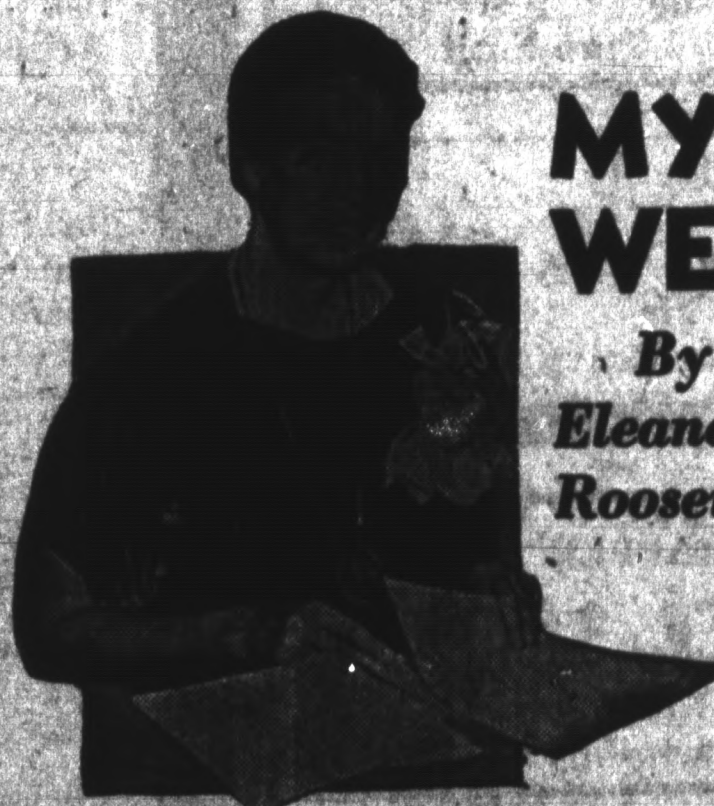

**Rings**  
Onion-Parmesan Rings  
6 slices onion (1/4 inch thick)  
1 tablespoon butter  
2 round slices toast  
2 tablespoons grated Parmesan  
cheese

Slice large onions in 1/4 inch  
slices. Cook the onion slices in but-  
ter on both sides until golden  
brown. Place each slice on a round  
piece of toast, sprinkle with Parme-  
san cheese and heat under broiler  
or in hot oven.

Heat condensed bouillon or con-  
sommé with an equal quantity of  
water and serve 1 Onion-Parmesan  
Ring in each plate.

**Mexico Bubble Glass**  
One of the favorite souvenirs of  
Mexico is the native bubble glass,  
with its swirling foamy colors.

**Caesar in England**  
Julius Caesar is said to have land-  
ed in England, near Dover, August  
25, 65 B. C.

**MY  
WEEK**

By  
**Eleanor  
Roosevelt**

As hostess of the White House, Eleanor Roosevelt is in  
immediate touch with the most of her country's affairs  
and personalities. As confidante of the nation, she is made  
constantly aware of its people's conditions and concerns  
through a hundred thousand letters a year. She is thus  
enabled, as nobody else in America is, to keep her finger  
on the public pulse.

You'll enjoy her article of informal news and comment.

## Coffee and Cheese for Good Cheer

FRIENDS to the very end, coffee and cheese are inseparable as the favorite finish of any meal. Like salt to meat or clams to chowder, coffee brings out the best virtues of its boon companion for a combination of flavors of proven popularity. You might not succeed in making your own cheese, but you can make better coffee—if you follow the simple coffee-making rules given elsewhere on this page.

**For a Better Cup of Coffee**  
Always use the correct quantity of coffee. Two level tablespoons or one heaping tablespoon for each measuring cup suits the average taste.

Make fresh coffee every time you serve it. Coffee that has been reheated loses its flavor and aroma.

Rinse your coffee pot with scalding water before you make fresh coffee.

Keep your coffee-making equipment clean as you would cups, plates or saucers.

Do not boil your coffee. Boiling affects the natural flavor of the beverage.

Use the correct grind for the method you use in making coffee, whether it be drip, percolator, "vacuum-type" or old fashioned coffee pot method.

## Diversified Ownership

One of the largest American oil producing companies supplies 21,000 retail outlets, yet it owns and operates but six of these filling stations. Astell J. Byles, president of the American Petroleum Institute, reports.

## Persia Exports to U. S.

Rug exports from Iran (the official name of Persia) to the United States average \$3,000,000 a year.

## First Use of Petroleum

Petroleum was first used to lubricate cylinder walls of steam engines about 1838.

## POPULAR DELUSIONS... by MacConachie

**Most Spanish Spot**  
The most Spanish spot under the American flag is the romantic city of Ponce, on the southern coast of the United States territory of Puerto Rico. Although Ponce was the first city to be entered by the Americans who took Puerto Rico in 1898, it has been the last to give up the Latin heritage it derived from its Conquistadores. English is spoken widely in Puerto Rico, but Spanish is the prevailing language in this stronghold of old Castille.

**Apple Blossom Time**  
Mrs. Sadie Tuxford, Redwood City, Calif., would like to have someone analyze the "secret urges" which have pushed her two-year-old apple tree to blossom five times within a year and to bear four crops of fruit.
